

Bright Start Right Start Year 2

June 19 & 20, 2019
9am-3:30pm

Who Should Attend?

This professional development experience is for early childhood educators.

If you have previously attended a Bright Start Right Start Year 2 workshop you cannot take it again.

What is the cost to attend?

The American Electric Power Foundation has provided funding for the Bright Start Right Start Program.

How do I apply?

Complete the online registration via the link. A confirmation email and letter will be sent prior to the session.

During Bright Start Right Start II, you will build upon ideas from Bright Start Year 1 and explore ideas in earth science, physical science, and life science.

You will:

- experience new hands-on activities focused on the current Pre-K Science Standards and Model Curriculum
- build upon concepts and materials from the previous Bright Start session
- receive resources and activities to help you implement strategies directly in your classroom.
- discuss science instruction strategies that research indicates are best suited to early learners.
- receive 12 hours of Step Up Credit/OA credit

Session Information:

To Register:

Please complete the online application by May 15, 2019 at:
