MATH CAMP IN

 Teaching & Learning
Collaborative

*A mathematics adventure for your
classroom or building*

MATH CAMP IN PROGRAMS

If you are looking for a new adventure for your classroom or building, you won't want to miss *Math Camp In*! *Math Camp In* is an exciting way to bring mathematics to your classroom or building. *Math Camp In* began as an overnight program where students returned to school, hiked to math "trail posts" (stations), completed rich mathematical tasks and recorded ideas in their Camp Journal. Now, you can choose to use *Math Camp In* as an overnight experience, a mini-unit in the regular classroom, or a Family Math Night.

"Math Camp In was such an exciting night for my second grade students. The parents loved how excited the kids were about the math stations and how eager they were to finish each task to earn their camp badge! Thanks for making this night so easy!"

~Second Grade Teacher

Educator Workshops

As part of an educator workshop, participants will gain a better understanding of the Common Core State Standards for Mathematics, and learn how to replicate *Math Camp In* at their school site. Participants who attend an educator workshop will leave with *Camp-In-a-Box*, our way of filling your backpack full of great mathematical ideas! Each *Camp-In-a-Box* comes with materials to get you started on your *Math Camp In* adventure. **Camp-In-a-Box** includes materials in numbers sufficient to conduct *Math Camp In* with a classroom of 26 students.

Family Math Night

Are you looking for an exciting way engage families in mathematics? Use *Math Camp In* as a family night sponsored by the school or PTA. You can choose to order *Math-Camp-In-a-Box* kits or contact us to help facilitate the evening for an additional charge. Either way, families are engaged in an exciting program highlighting academic content standards at specific grade levels.

MATH CAMP-IN-A-BOX

If you can't get to an educator workshop, or you just need to fill your backpack with great mathematical ideas, you can order **Camp-In-A-Box** which contains materials in numbers sufficient to conduct Math Camp In with 26 students. All you need to add is a few perishable items and excited students!

Math Camp-In-a-Box includes:

- Educator Trail Guide
- Camp Journal for each student
- Camp Badges for each station
- Station Directions
- Camp Craft for each student and much more!
