

TRAIL POST 7

Catching Fireflies

Now it's your turn to go on a hike to catch fireflies. Your camp counselor has a jar for you. Have fun!

Using your net, catch as many fireflies as you can. Create a picture to show how many fireflies you caught! Be sure to represent your jar using pictures and numbers.

TRAIL POST 7

The fireflies are flashing in the sky! How many do you see and how do you see it? Circle how you see the dots and represent how many you see in each arrangement.
