

JOIN US & LEARN MORE ABOUT USING GAMES TO ENGAGE STUDENTS & FAMILIES IN MATHEMATICS

During this 1-day session you will

- Receive lessons, games & resources to use in your classroom to engage students including an Operation game (batteries included) 😊
- Have access to resources that you can use for back to school night, family game nights and more!
- Gain valuable strategies for utilizing games for learning in mathematics and building fluency
- Collaborate to create a collection of resources you can use all year long!

Cost to Attend

- The total cost for this series is \$50 and includes program materials, Operation board game, classroom resources and lunch. Payment can be made by Purchase Order, Check or Credit Card.
- Be sure to check Building or District Professional Development Funds to help cover the cost of the session.
