

Math Camp-In for Grades K-2

Saturday, October 2, 2021 from 9am-3pm
Battelle Darby Creek-Cedar Ridge Lodge

MATHEMATICS PROFESSIONAL DEVELOPMENT & FAMILY ENGAGEMENT RESOURCES

During a Math Camp-In, students 'hike' the mathematical trail, completing seven camp-themed math tasks and earning camp badges! Join us to learn more about implementing a Math Camp-In & receive materials for your students & families!

During the session you will:

-  Explore Math Camp-In resources & lessons that you can use in-person or virtually with students.
-  Receive a Math Camp-In Family Engagement backpack for **every** child in your classroom. Each backpack contains a board game created by TLC and resources that families can use to continue to explore mathematics at home! You will also receive camp journals for each student & other engaging resources to help make your Math Camp-In a success!

After the session you will:

-  Have access to video resources and on-demand PD to explore topics in more depth.

*Register by September 10th (After this, contact us for availability)
Notification of acceptance & confirmation details will be sent prior to the session*

bit.ly/MathCampIn2021

As part of the application for this program, we ask that you agree to the following:

- Using the Math Camp-In resources in your classroom by end of December 2021
- Sending home the family engagement backpacks with each student in your classroom
- Sharing pictures (as appropriate and allowed with TLC. Note, this is not a requirement)
- Providing families the opportunity to complete the family survey (about the resource materials)
- Completing the teacher survey after using the Math Camp-In materials with students
