## TRALL POST 2

Trail Tracks
A group of campers came across all of these animal tracks! Help them figure out who was at camp.

While on a nature hike, some campers took pictures of animal tracks they found. They organized their pictures below. Using this image determine how many tracks they found for each animal. Record your thinking on the next page.

## TRALL POST 2

Record how many tracks the camper found for each animal.

Number of animal tracks

|  |  | Wolf |  |
| :---: | :---: | :---: | :---: |
| sرsر | $\stackrel{4}{4}$ | Bear |  |
|  | 0 | Moose |  |
| $a$ | 10 | Hare |  |
|  | 0 | Deer |  |

Which animals have more tracks than a wolf?
wolf

## TRALL POST 2

When the campers woke up they found all of these tracks on the ground! Use these tracks to help you answer the questions on the next page.

## TRALL POST 2

Use the picture of the animal tracks. Count to see how many tracks there are for each animal!

| Animal | Track | How many tracks are there <br> for each animal? |
| :---: | :---: | :---: |
| Dog |  |  |
| Savirrel |  |  |
| Rabbit |  |  |
| Bery |  |  |
